Lacey Barnes has dreamt of being in a movie for as long as she can remember. However, while her dream did include working alongside the hottest actor in Hollywood, it didn't involve having to finish up her senior year of high school at the same time she was getting her big break. Although that is nothing compared to Donavan, the straight-laced student her father hires to tutor her, who is a full-on nightmare.

As Lacey struggles to juggle her burgeoning career, some on-set sabotage, and an off-screen romance with the unlikeliest of leading men, she quickly learns that sometimes the best stories happen when you go off script.
